

GO Big!

Is your team up for this “GIANT-SIZED” Teambuilding Adventure?

Goldin Leadership Group introduces **GO BIG**, our newest Teambuilding Offering! Using Jumbo Tubes, Oversized Cubes, Huge Parachutes, Big Blocks and Gigantic Beach Balls, teams will participate in a series of **SUPER-SIZED** team challenges! Build you own GO Big program by selecting three to five of our BIG activities listed below. Full Day (5 activities) and ½ day (3 activities) programs are available.

Tumbling Towers: Using jumbo sized blocks teams build the tallest tower possible using Jenga rules of play. Towers can exceed 6 feet high. This activity taps into trust, communication, collaboration and teamwork.

The Giant Cube: Teams construct a 4 foot hollow cube using “Toobeez”, a giant tube construction set. The Cube is then balanced in a bucket on its corner. The challenge is for team members to earn as many points as possible by traveling through the cube in a unique pathway.

The BIG Picture: Does your team have a vision? Clear goals? Core values? “The Big Picture” is a great activity that we customize based on your focus. Using 1 foot square canvases, each team member will paint either the vision, a goal, or values (your choice). Teams will share their art as a group and discuss the connections to their team and work. Participant can either keep their masterpieces or you may create a group mosaic for a wall at work.

Parachute Volleyball: Imagine the teamwork and coordination it takes to serve and return a jumbo sized 4 foot volleyball off a 10 foot parachute! This activity is pure fun, competition and coordination. Watch as your leaders emerge to ensure their team’s success.

The Big Idea: In this “Colossal Shark Tank “ like activity, teams will be given an innovation kit filled with both average and super-sized supplies, from which to create their invention. Building an “irresistible” product/proto type and presenting to a panel of judges makes this activity a winner! Collaboration, Creativity and team work drive this experience!

For more information and to schedule your teambuilding event!
